Hi,
We are Greenapple
and we take things
personally.

A história da Greenapple

Olá,
Somos a Greenapple e para nós
tudo é pessoal.

São pessoas que estão no início,
meio e fim dos produtos e pro-
jetos que criamos.

Não somos contra produção
massiva de produtos, mas para
nós o cunho pessoal é essencial
no nosso processo criativo.

Explorar novos conceitos de raiz
e abraçar desafios impensáveis
é algo que está presente no
nosso ADN.

Para nós uma cadeira nunca
é apenas uma cadeira e um
projeto de interiores é muito
mais do que quatro paredes.
Ambos contam histórias de
materiais nobres, de uma
meticulosa atenção ao detalhe
e de acabamentos imaculados.

Trabalhamos cara-a-cara e
pomos (literalmente) as mãos-
à-obra no design, na manufatura,
na produção, no embalamento e

na entrega dos nossos produtos.
Há quem lhe chame um luxo.
Outros dizem que é uma loucura.
**Nós chamamos-lhe o método
Greenapple.**

People are at the beginning, middle and
end of the furniture and interiors we design.

We are not anti-mass-production, but we
find that personal touches are essential
in every creation.

Conceiving new concepts from scratch is our
lifeblood, and we have unthinkable challenges
written all over our DNA.

For us a chair is never just a chair and an interior
is much more than four walls. Both are stories
inspired and told by top-quality materials,
meticulous attention to detail, and timelessly
perfect finishings.

In each project we choose to be all-hands-
on-deck and face-to-face, as we insist upon
designing, crafting, producing, packing and
personally delivering our goods.

Some people call it a luxury.
Others call it madness.
We call it the Greenapple
way.

We, The People
Glad to meet you.

We are Rute, Sérgio, Ana Margarida, Ana Patrícia, Besiki, Carlos Leandro, Catarina, Cesário, Cláudia Sofia, Daniel, Filipe, Francisco, Henrique, Hugo, João Paulo, João Pedro, Luís, Manuel, Marcelo, Maria, Nuno, Paula, Pedro, Raquel and Rodrigo Simão.

We are the people that bring
Greenapple's creations to life.

Nós, as pessoas
Muito prazer,

Nós somos a Rute, Sérgio, Ana, Besiki, Carlos, Catarina, Cesário, Daniel, Daniel, Francisco, Henrique, Hugo, João, João, Luís, Manuel, Marcelo, Maria, Nuno, Paula, Pedro, Raquel, Rodrigo e a Sofia.

Somos as pessoas que dão vida à Greenapple.

Our story started in 2005 with Rute Martins and Sérgio Rebola, a couple of economists with MBAs and too many ideas to handle.

Little by little a family of 30 craftswomen and craftsmen began to assemble. Today the savoir-faire of ancient Portuguese workmanship always goes hand-in-hand with a restless tendency to innovate as we take on each unique project.

With our design and production unit in Portugal, we reach worldwide to customers in Europe, Asia and North-America markets.

Here we source our wood, stone, design, make, dedication and distribute the entire Greenapple's product range.

A nossa história começa em 2005 com Rute Martins e Sérgio Rebola, um casal de economistas com MBAs e muitas ideias entre mãos.

A pouco e pouco juntámos uma família de 35 artesãos e designers. Hoje o legado ancestral de técnicas artesanais portuguesas, anda de mãos dadas com a inovação e design em cada projeto.

Com o nosso centro de produção e design em Portugal, fazemos chegar as nossas criações a qualquer ponto do mundo. É a partir daqui que obtemos os materiais nobres, o design, a produção, a dedicação e distribuímos a nossa gama de produtos e serviços.

Atualmente temos consolidada uma forte presença nos mercados Europeu, Asiático e Norte-Americano.

First, we are all ears.

As our customers drop hints about their dream homes and projects, we pick them up and go straight to the drawing board.

Primeiro, ouvimos.

Quando os nossos clientes nos revelam as suas ideias e sonhos, ouvimos e começamos a pesquisar.

Depois, criamos.

Mergulhamos em turbilhões de ideias entre designers, mestres carpinteiros, estofadores, mestres marceneiros e o nosso cliente.

Then we are all minds,
brainstorming ideas back and forth between designers, master carpenters, upholsters, stonemasons and, eventually, you.

Soon thereafter we are all hands.

Skilled and talented hands, that are essential to deliver a bespoke expertise (and personality) to every detail of the finished piece.

E pouco depois metemos mãos à obra.
Mãos talentosas e especializadas essenciais ao perfeccionismo e detalhe presente em cada produto.

Finalmente, concluímos com um '**obrigado**' na forma de um aperto de mão, e com a expectativa de nos encontrarmos novamente.

Finally,

we conclude with a 'thank you' in the shape of a handshake, hoping to see you soon.

In Good Hands

Welcome to our workshop.

Having our own in-house production makes a world of difference.

It allows us to be obsessed with detail, carefully checking and rechecking and re-rechecking every creation.

It gives us the freedom to dedicate ourselves to the most demanding tailor-made and customised work.

It lets us assure high-quality standards through the whole process, from design to production, from production to your home.

And it allows no excuses. Because we control all production timings, if there's anything unforeseen (knock on wood) we are solely responsible.

Greenapple's production centre works both as an experimental laboratory and a well-oiled family facility with no loose ends.

Noble materials and cutting-edge technology, experienced craftsmanship and innovative methods, soulful spaces and flawless work: that's what we deliver.

Drop by for a visit and see for yourself how we're taking what really matters into our own hands.

Em boas mãos Bem-vindo à nossa oficina

O facto de possuímos a nossa própria produção faz toda a diferença.

Permite-nos ser obcecados com cada detalhe e verificar e re-verificar e voltar a re-reverificar cada criação.

Dá-nos liberdade para uma entrega e dedicação total aos exigentes projetos customizados e feitos à medida do cliente.

Permite-nos garantir um padrão de alta qualidade durante todo o processo, desde o design à produção, e da produção até à sua porta.

E não nos deixa margem para desculpas. Como controlamos todas as etapas, se existir algum imprevisto (bata na madeira) seremos só nós os responsáveis.

O centro de produção Greenapple é simultaneamente um inovador laboratório experimental e uma oficina familiar com larga experiência.

Materiais nobres e tecnologia avançada, artesãos experientes e métodos inovadores, espaços inspiradores e peças ímpares, é aquilo que entregamos.

Visite-nos e veja como o seu projeto fica entregue em boas mãos.

A Matter of Trust

Every human interaction is a stepping stone towards creating something truly original and unique.

Uma relação de confiança

Em cada interação humana existe a oportunidade para criar algo único e original.

Na Greenapple colaboramos constantemente com artistas, designers e arquitetos para quem oferecemos soluções únicas, desde projetos chave na mão com entrega e montagem, a serviços e objetos personalizados ou customizados.

Investimos todo o nosso tempo e dedicação na atenção e satisfação do cliente.

O perfeccionismo e a atenção ao detalhe – desde a idealização até à instalação do projeto – fazem parte da nossa natureza.

Here at Greenapple we constantly work with interior designers, architects, artists and creative people to whom we provide a full range of services, from a turnkey project, including delivery and on-site installation, to individual services, such as design customisation or personalised objects.

It is in our own very nature to follow through each design stage down to the last detail.
